Werribee Park Call for Dates Invitation

Overview

The *Werribee Park Major Events Call for Dates Invitation and Guidelines* document provides important information and advice for event organisers considering holding major events at **Werribee Park for the period between July 2024–June 2027**.

This document is to be used in conjunction with the *Werribee Park Call for Dates Application* form. All applicants must have read and understood the Guidelines before applying via the Call for Dates process.

The Call for Dates process will be open from 5 June 2023 through to 14 July 2023 Once the *Call for Dates* process has closed, all applicants will be assessed and then notified in writing as to their success or otherwise in securing dates.

Werribee Park is managed under the *Crown Land (Reserves) Act 1978*, for which event organisers require a permit to conduct events. Successful Call for Dates applicants must submit a full Event Permit Application to Parks Victoria's satisfaction and within the allocated timeframe(s).

Park Environment

Werribee Park is a major tourism & heritage venue located just 30 minutes from Melbourne and is a unique example of Victoria's rich pastoral history. Centered around the opulent Italianate architecture of Werribee Mansion, Werribee Park consists of formal gardens, heritage homesteads & farm, the Heritage Orchard, and the Victoria State Rose Garden.

Werribee Park is the premier venue for major events in Melbourne's western suburbs and consequently, there is an increasing demand for major events in the park. The park is part of the Werribee Tourism Precinct including Werribee Open Range Zoo, the National Equestrian Centre, Werribee Park Golf Club and Shadowfax Winery,

Additionally, there are a number of commercial tenants that operate within Werribee Park, which are both impacted by, and contribute to events. Contact information for these tenants can be found on Page 6.

Site Inspections

Applicants are to conduct their own site inspections to ensure the applicable Werribee Parks Event Zones are suitable for the proposed use. Inspections should occur before submitting a Call for Dates application.

The Opportunity

The *Call for Dates* process is for applicants wishing to hold major public and private events in Werribee Park, including but not limited to:

- Concerts and music festivals;
- Large scale community events and cultural celebrations;
- Large scale sporting events;
- Events requiring road closures and/or multiple locations within the park;
- Ticketed and non-ticketed events attracting up to 10,000 participants.

Parks Victoria receives requests to hold a variety of events each year at Werribee Park. The range of events and festivals encourages an increasingly broad selection of visitors from diverse backgrounds. Events are encouraged and supported and, in some cases, are nationally recognised for their celebration of arts, sport, culture and community.

Note: If an event has previously been held at Werribee Park this does not guarantee event approval or allocation of preferred dates.

Event Locations

There are **eight (8)** dedicated major event locations within Werribee Park (*See Attachment A for Werribee Park Major Event Locations*):

1. Great Lawn A
2. Great Lawn B (*This is the area closest to the mansion – infrastructure is only permitted in this area on the day of the event*)
3. Lake Event Zone
4. Historic Farm Area
5. Victoria State Rose Garden
6. Gate 4 Paddock
7. Camel Paddock
8. Civinex Paddock

It is important for applicants to define exactly which areas they plan to occupy at specific times throughout the duration of the event, including bump in and out periods. Werribee Park is a very popular site for daily visitors, volunteer groups, weddings, and other smaller events. Parks Victoria will continue to take bookings at other locations throughout the park unless they are specifically required for a major event.

Evaluation Criteria

Event applications are assessed for inclusion in the Werribee Park Calendar of Events for the period between **July 2024-June 2027**. Parks Victoria reserves the right to limit the number, type, and size of events per year.

Assessment and subsequent allocation are based on the following criteria:

- Consistency with the purpose of the reservation as described in the *Crown Land (Reserves) Act 1978*;
- Impact of the event on Werribee Park tenants, facilities, public access, the environment, local community, traffic, and parking;
- Suitable event timing;
- Experience in conducting events;
- Alignment with Parks Victoria Healthy Parks Healthy People principles;
- Capacity to provide necessary event documentation; and
- Reference checks, at the discretion of Parks Victoria.

Selection and Event Approval

If the event is deemed suitable for Werribee Park, the dates will be set aside for the event organisers based on the details submitted in their *Call for Dates* application. Formal approval to hold your event is sought via an *Event Permit Application*. Parks Victoria will notify all applicants of the outcome of the Call for Dates process, before requesting a full *Event Permit Application* from successful applicants. An event permit will only be issued once the application has been submitted within the allocated time, to Parks Victoria's satisfaction.

Upon receipt of the *Event Permit Application*, Parks Victoria may contact applicants to clarify any items and request additional information, if required. These requirements will vary depending on the type and scale of event proposed and may include securing permits or approvals from other relevant parties.

Review Timelines

Review timing will depend on the number of applications received and date clashes between proposed events. Please allow a minimum of 4 weeks for the review process once applications close.

A list of mandatory documentation for the full *Event Permit Application* is listed on Page 5. Event organisers must comply with the Event Plan and any changes required within reason by Parks Victoria as a standard condition of the event permit.

Event Permit

The event permit outlines the conditions under which event organisers agree to conduct their event. The permit is not in effect until Parks Victoria receives a signed copy agreeing to these conditions and is satisfied that all other conditions have been met. Parks Victoria reserves the right to

withdraw an event from the Event Calendar if conditions are not met. A copy of Parks Victoria's standard Event Permit is provided in the supporting documents package on Parks Victoria's website.

Note: In the case of the scheduled event date being declared a day of Total Fire Ban or subject to extreme weather conditions, any planned event may be cancelled at the discretion of Parks Victoria.

Event Fees

An event fee is calculated ~~at market rates and will be charged~~ according to size, scale and nature of the event, as determined by Parks Victoria. Upon submission of an application form, an indicative fee can be supplied upon request. Parks Victoria requires the permit fee to be paid prior to the event.

Community Events

Where a Permittee is a registered charity or a not-for-profit group, then events may be considered a community event and the permit fee is set on a cost recovery basis.

Community event pricing will apply where:

- The Permittee is a registered charity, or
- The Permittee is a not-for-profit group; or
- All net proceeds from the event will be distributed to a charity or not for profit group.

The applicant is responsible for establishing their status and eligibility for community event pricing.

Lodging a Call for Dates Application

Applicant steps

1. Read the Werribee Park Major Event Guidelines.
2. Determine whether your event will be taking place within the applicable timeframe (July 2024 – June 2027).
3. Assess whether your proposed event is a major event and requires a *Call for Dates Application*.
4. Submit a completed *Call for Dates Application form*.
5. If your application is approved, the dates will be confirmed, and you will be directed to complete a full *Event Permit Application*.

Submission Details

To lodge a Werribee Park Major Event *Call for Dates Application*, you must complete and submit an application form by **5pm Friday 14 July 2023**.

Details of where to submit are below:

- **Email:** events@parks.vic.gov.au
- **Attention:** Parks Victoria Events
- **Subject:** Werribee Park Major Events Call for Dates Application

If you have any questions regarding the *Call for Dates* process or your application, please contact Customer Support at events@parks.vic.gov.au.

Event Guidelines

Werribee Park Full Event Permit Application

If your *Call for Dates* nominated dates are approved, a full *Event Permit Application* will then be required and requested by Parks Victoria. An Event Permit will only be issued once the following complete list of documents is provided, to Parks Victoria's satisfaction.

Mandatory Documents

An Event Plan including:

- **Event Running Sheet** including bump in and bump out schedule.
- **Infrastructure list** detailing all structures, equipment, barriers, vehicles and selling locations.
- **Event Map** clearly showing:
 - Where the event will be held within the park;
 - Show the precise location of all infrastructure, facilities, vendors, entertainment, parking; and
- **Risk Management Plan** - including first aid, security, local park risks, inclement weather, and evacuation.
- **Waste Management Plan** - collection and cleaning.
- **Traffic Management Plan (TMP)** (for large events) - prepared in consultation with VicRoads, local Council and Parks Victoria. The TMP must include traffic management within the park, parking, signage, signage distances, method of communication and Victorian Police Major Events Unit notification.
- **Signage Plan** - directional, promotional, emergency, flags, banners, and VMS etc.

Other Mandatory documents:

- **Certificate of Currency** - showing current validity of public liability insurance. You must have a minimum of \$20m public liability insurance coverage for the event, noting Parks Victoria as an interested party.
- **Contact list of on-site contacts** - (event managers, safety officers, major contractors).

Additional Information

Depending on the scale and nature of the event the following may be requested, as a part of the full application process:

- **Notification letter to Residents/Precinct Partners** - Typically requested for events involving road closures and amplified noise. Parks Victoria staff will advise during the planning phase if this is a requirement for your event.
- **Child Protection Plan** - please consider your obligations under the *Working with Children Act 2005*.
- **Communications Plan** - (outline how event organisers will notify affected stakeholders of the event).

- **Liquor Licence** - Parks Victoria must approve the sale and consumption of alcohol at any event, after which the event organisers need to obtain a liquor licence from the Victorian Department of Justice and abide by conditions of the permit.
- **Heritage Permits or Exemptions** - Any works involving permanent structures, excavation, any alteration to built assets may require a permit or exemption from Heritage Victoria. Parks Victoria needs to endorse the application as the 'landowner' prior to it being submitted to Heritage Victoria.
- **Cultural Heritage Plan** - There are a number of registered sites within Werribee Park and Werribee River Park. Any works; within 200 meters of waterways, close proximity to registered sites, scar trees, or involving soil disturbance may require a permit from Aboriginal Affairs Victoria. For more information visit Aboriginal Heritage Victoria.
- **Temporary Food Handling Permits** - Food vendors must adhere to the *Food Act 1984*. Vendors operating at Werribee Park must lodge a Statement of Trade (SOT) with Streatrader and the City of Wyndham. For more information, please refer to [Streatrader's website](#).
- **Noise Management Plan** - Outlining mechanisms to ensure compliance with State Environment Protection Policy abide by the State Environment Protection Policy (Control of Music Noise from Public Premises) (SEPP N-2).
- **Occupancy Permit for a Place of Public Entertainment (POPE)** - Obtained via Wyndham City Council confirming the event complies with the Building Act and must be always displayed during your event. Wyndham City Council will inspect the event site on the morning of your event to ensure you have met the requirements outlined in this document.
- **Pedestrian and Crowd Management Plan** (for events that could impact the general public movements through the park).
- **Public Performance of Sound Recordings (PPCA Licence)** for events that involve the playing of sound recordings or music videos in public. For more information please refer to their website: www.pcca.com.au.
- **Other Agency** approvals identified throughout assessment.
- **Public Transport Victoria notification.**

Drones

If drones are proposed at your event, you must also provide the following as a part of the full application process:

- Aircraft Operations Plan including:
 - Take off and land zone;
 - Proposed flight path;
 - Proposed exclusion zone; and
 - Proposed location of spotters.
- Factsheets of all proposed aircrafts;
- Remotely Piloted Aircraft License for all proposed pilots;
- Operator's certificate;
- Operator's certificate of currency of public liability insurance;
- Job Safety Analysis; and
- Civil Aviation Safety Authority (CASA) area approval (if required).

Important note: Heavy restrictions apply to the use of Remotely Piloted Aircrafts (RPAs) within Werribee Park.

Weddings and tenant bookings

Parks Victoria facilitates a large number of weddings and smaller events within the grounds at Werribee Park. To minimise the impact on these bookings, Parks Victoria does not provide exclusive use of Werribee Park during bump in and bump out periods of major events.

Parks Victoria will also place controls on the bump in and out of major events, including restrictions on sound checks, and where necessary limitations on site movements. This may involve vehicle movement and noise restrictions at certain times in some areas.

Caring for our open spaces

As Werribee Park includes sites of natural and heritage significance; the event permittee takes full responsibility for looking after these spaces while occupying the permit area. Where there has been damage to the permit area, or the permit area is required to be remediated by Parks Victoria staff or contractors after the event, Parks Victoria may issue invoices for remediation costs.

Where significant damage has been caused to the permit area, Parks Victoria will recover these costs arising out of the Permittee's covenants within the standard terms and conditions of the event permit.

Werribee Park's Tenants Service Offerings

Major event organisers are encouraged to engage with Werribee Parks commercial tenants to minimise business interruption and for the provision of event services. Event applicants consent to the provision of their contact details to Werribee Park's precinct partners. Please inform Parks Victoria if you do not consent to your contact details being shared. Parks Victoria's precinct partners are:

Werribee Park Site Rules

Site management

Staffing and Contractor Management

- An event representative must be onsite to oversee the entire bump in/bump out period. No contractors are to be operating on site without supervision.
- It is the permittee's responsibility to ensure all staff working on the event staff have completed the local contractor induction form and undergone appropriate site safety inductions and hold the appropriate licenses to undertake their work.
- It is the event permittee's responsibility to ensure that all contractors hold sufficient liability insurance for the event.

Scheduling

- Bump in must adhere to the site map and timelines stated in the event permit. Failure to do so may result in the direction to remove infrastructure until the permitted time.

Pre- and Post-Event Site Meetings

- The event permittee or a representative of the permittee will be required to attend a pre- and post-event site meetings with Parks Victoria to:
 - Record and agree on site condition pre- and post- event
 - Undertake a Parks Victoria site induction and complete the online local contractor induction form. All event coordinators must attend a Parks Victoria site Induction prior to bump in. The event organisers must ensure that their contractors are aware of their obligations under the induction as they are responsible for their actions while working as part of the event.

Site Security

- All event infrastructure must be secured and safe when the event organiser is not on site.
- Parks Victoria advises that security should be provided by the event organiser to monitor infrastructure and assets belonging to the event during the period of occupation.
- Parks Victoria take no responsibility for any damage that occurs to infrastructure or assets on site during occupation or for any injury caused by event infrastructure to members of the public.

Waste

- Event organisers are responsible for collecting all litter generated by their event throughout the event and the litter removal from the park within an agreed time.

- Litter and construction waste, including screws, bolts, nails, cable ties and cigarette butts must be removed from the event site and disposed of outside of the park (not in the bins provided for park visitors).
- If rubbish is left in the park, to cover rubbish removal costs an infringement notice may be issued.
- Adequate rubbish bins as well as cigarette butt bins in designated smoking areas are to be supplied for the event.
- All bins must be removed from the park before the site is handed back to the park.
- Bins and skips must not be overfilled, and all waste must be secured from high winds and animals.

Site Plan

- The event site plan must correctly reflect the final set up of the event as this will be included within the Event Permit as record of the approved site plan.

Structures and Amusements

- All structures (marquees, jumping castles etc.) and amusements (rides, animal farms etc.) require permission from Parks Victoria and must be noted on the event site plan.
- Amusements must operate in line with Australian Standards and Structures may require engineering certification to be provided.
- Due to the proximity of Werribee Park to the Werribee Open Range Zoo not all animals may be permitted onsite. Event organisers will need to seek approval from Parks Victoria prior to the event.

Food and Beverage

- Subject to an approved liquor licence, the alcohol service must be contained to event patrons only.
- The event organiser must ensure the event is glass free. No service of beverages or food will be permitted in glass. You may be asked to provide a glass management plan for the appropriate removal of larger glass vessels such as wine bottles from the site.
- Cooking oils, fats, coal, embers must be contained in appropriate containers and need to be removed from the park. Should the CFA or MFB declare a total fire ban on the day of the event, event organisers will need to obtain permission from CFA or MFB. Written permission from CFA or MFB must be provided to and approved by Parks Victoria prior to lighting any barbeque.
- No gas bottles are to be placed directly on the grass as this causes damage to the grass area.
- Ice is not to be poured out onto turf or garden bed areas. Ice should be disposed of in appropriate

drainage areas.

- Your site plan must include all food vendors on site. It is the permittee's responsibility to ensure that these food vendors hold appropriate food safety licenses.

Turf, Infrastructure and Garden Protection

Pegging

- Pegging of any kind is not permitted. This includes all infrastructure, signage, fencing, décor or amusements and inflatables. All these items must be secured by weights.

Damage

- The permittee is responsible for reinstatement and or repair of any damage done to the park that occurs during the permittee's occupation. All works should be approved by Parks Victoria and done to Parks Victoria's standards. Alternatively, Parks Victoria may elect to undertake these works internally, in which case the permittee will be invoiced for the works.

Turf Protection

- Only water-based spray paints for site markup will be permitted. No substance that kills grass should be used, i.e., lime or round up are not allowed.
- Ground coverings (flooring etc.) to be detailed within site plan for approval.
- If your event has a high volume of participants of vehicles moving across areas of turf, compaction of the turf and soil is highly likely to occur. Parks Victoria may deem it necessary to undertake turf aeration works at the event's end. If this remediation is deemed necessary, then this will be invoiced separately.
- Temporary flooring such as Trak Mat or Profloor must be used in high traffic areas including all loading docks.
- All plant used on site (including forklifts, boom lifts, cherry pickers, and scissor lifts) must have turf tyres fitted to operate within the park.
- Telehandlers or any other plant and equipment with 90-degree rotating wheels will only be permitted to operate on site with turf tyres. All terrain tyres will not be permitted on these vehicles

Trees and Garden Beds

- Garden beds and trees must be protected throughout the permit period. The event organiser must fence off heritage listed trees to avoid damage.
- Please ensure nothing is attached to any tree in the park.
- Tree Protection Zones – Nothing should be placed within 3 meters of the base line or drip line of any tree in the park (whatever is greater), this area is an exclusion zone and needs to remain completely clear. This includes erection of signage or infrastructure, parking of vehicles or storage of any item.

- To avoid damage generators are not to be placed with exhausts facing directly at trees or garden beds.

Use of Park Infrastructure

- Potable Drinking Water Services are available at Werribee Park. Please refer to Werribee Park Potable Water Services Map (Supporting Document 1) which confirms the locations of the above and underground potable water drinking taps, drinking fountains and the potable water shut off valves.
- Werribee Park public toilets are provided for park patrons/visitors; they are not capable of supporting major events. All major events must provide portable toilets which may be bumped in prior to the event day, providing that they are located out of sight from the Great Lawn and any wedding sites.

Occupational Health and Safety

- Event organisers must read Parks Victoria's Contractor Induction ([Parks Victoria Contractor Induction Module](#)) which outlines the minimum requirements of Parks Victoria safety standards.
- All activities relating to the event (including bump in and bump out) must **adhere to the Occupational Health and Safety Act 2004**.
- All cables must be tested and tagged.
- All cables running over the ground need to be covered with a cable ramp or tray.
- All generators must be fenced, preventing public access.
- Contractors working at a height over 2 meters must be harnessed.
- Areas where works are being done within the park should be barricaded off to ensure park visitors' safety.
- A Werribee Park site induction booklet will be required to be signed during handover of the event site.

Sound Management

- All events that use a powered sound system should abide by the Environmental Protection Agency's State Environment Policy (Control of Music Noise from Public Premises) (SEPP N-2).
- Amplified music or announcements will only be allowed on site at the following times:
 - 12.00 pm and 11.00 pm
 - or 12.00 pm and 10.00 pm for events longer than five hours
- For more information include acceptable noise levels, please refer to the EPA website www.epa.vic.gov.au
- At all other times, construction noise and amplified noise must be kept at acceptable levels creating as little disturbance as possible to surrounding residents and tenants. Acceptable levels include those specified by EPA, any Parks Victoria Officer, or

- Victoria Police during the event.
- All events that utilise amplified sound must include this detail within their run sheets so Parks Victoria can approve these times. Tenants and residents will need to be notified of these timings.
- Please be aware that there are other activities occurring within Werribee Park that will be affected by amplified noise, there may be periods of time when amplified noise will not be permitted.

Traffic Management/Site Access

- Event organisers are expected to prepare, in consultation with VicRoads, Wyndham City Council and Parks Victoria, a Traffic Management Plan (TMP) for the event which includes parking, signage, signage distances, method of communication and traffic controller details. The plans must be drawn up by a qualified traffic management company.
- All roads outside of Werribee Park require Wyndham City Council approval. TMP's must also identify the use of the internal roads at Werribee Park. TMPs must be submitted to Parks Victoria before submission to the Wyndham City Council.
- All traffic controllers/contractors must be accredited and comply with any instructions or directions given by Parks Victoria in relation to road closures or the TMP.
- The event organiser acknowledges that they may be required to provide and erect road closure notification signs one week prior to the event and or the period leading up to the event. Please note signage must be free standing as no pegging is permitted. Variable Messaging Signs (VMS's) are preferred for this.
- No vehicles are to be left on the event site during the event without prior approval.
- Event operations must take into consideration peak ingress and egress time of precinct partners when developing TMP's.
- NB - Werribee Open Range Zoo is open from 9am – 5pm every day of the year.
- Please note Gates 4 and 5 are not to be used for public access for events. This information must be included in the TMP, including any traffic management around back of house access at Gate 4.
- Notify the Public Transport Victoria if the event will impact on Victoria's regular train, tram, or bus service. Information regarding event organisers legislative requirements can be found on www.ptv.vic.gov.au/specialevents.

Vehicle access

- Event contractor/truck access is via gate 4 off K road. The event contractor is responsible for monitoring this gate whilst it is in use. The gate must be staffed by a member of event staff or security whilst open or locked when unattended.
- Gate dimensions for Gate 4 are as follows.

- Maximum width of access at Gate 4: 3.0m
- Maximum height of access at Gate 4: 4.5m
- Vehicle Access to the event site is restricted and vehicles should only be driven within the site if they are delivering goods or undertaking works.
- The event organiser is expected to make every effort to restrict vehicle access to grassed areas at all times. No vehicles are allowed on the Great Lawn. If vehicle access is required, permission from Parks Victoria is required and track matting must be used.
- Vehicles should be removed from the site as soon as they have finished loading/unloading. No parking is permitted within the Werribee Park site unless specifically noted within the event permit.
- Rules for operating vehicles in open spaces or any of the park's shared pedestrian paths:
 - No vehicle is to exceed 10kph;
 - All vehicles are to display an amber flashing light on the roof of the vehicle, when possible. Hazard lights are not to be used as an alternate, but indicators must be used when changing direction;
 - All vehicles are to give way to people and animals within the park;
 - Forklifts carrying large loads or other vehicles with impaired vision, particularly whilst reversing should operate under a spotter's direction.

Emergencies and incidents

The Event Organiser must immediately notify Parks Victoria if an accident or incident occurs within the Permit Area. This includes any incident which results in injury or death of persons or environmental damage or pollution or damage to property. The event organiser must also report all near miss events to Parks Victoria.

Parks Victoria must be informed as soon as possible if the emergency services are called to the site.

Weather and contingency considerations

Events should have a wet weather contingency plan for bump in/out and the event day to minimise damage. The event organiser will be held responsible for the payment of any repairs required following the event.

- In the event of a rain event prior to the bump in of an event, Parks Victoria may restrict access for vehicles to certain areas due to risk of damage.
- Events should ensure appropriate weather shelter is provided for attendees, including the sale of ponchos where appropriate.

Pyrotechnics/fireworks

Pyrotechnics/Fireworks will only be considered for events that are of state, national or international significance. In the case that these displays are permitted by Parks Victoria the following will be required:

- Site Plan with details of fireworks fall out zones showing minimum separation distances for loading/transportation and detonation of fireworks (in accordance with dangerous goods (explosive) regulations 2011 (reg155)
- Notification of Intention to discharge fireworks
- CASA Form 1117 – Notification of a Firework Display
- CASA Approval
- JSA/SWMS
- Pyro-technician licenses
- Certificate of Currency from Fireworks provider – with at least \$20million cover with PV as an interested party
- Relevant CFA or MFB approval to fire on a total fire ban day (section 40) /extreme fire danger day (section 14)

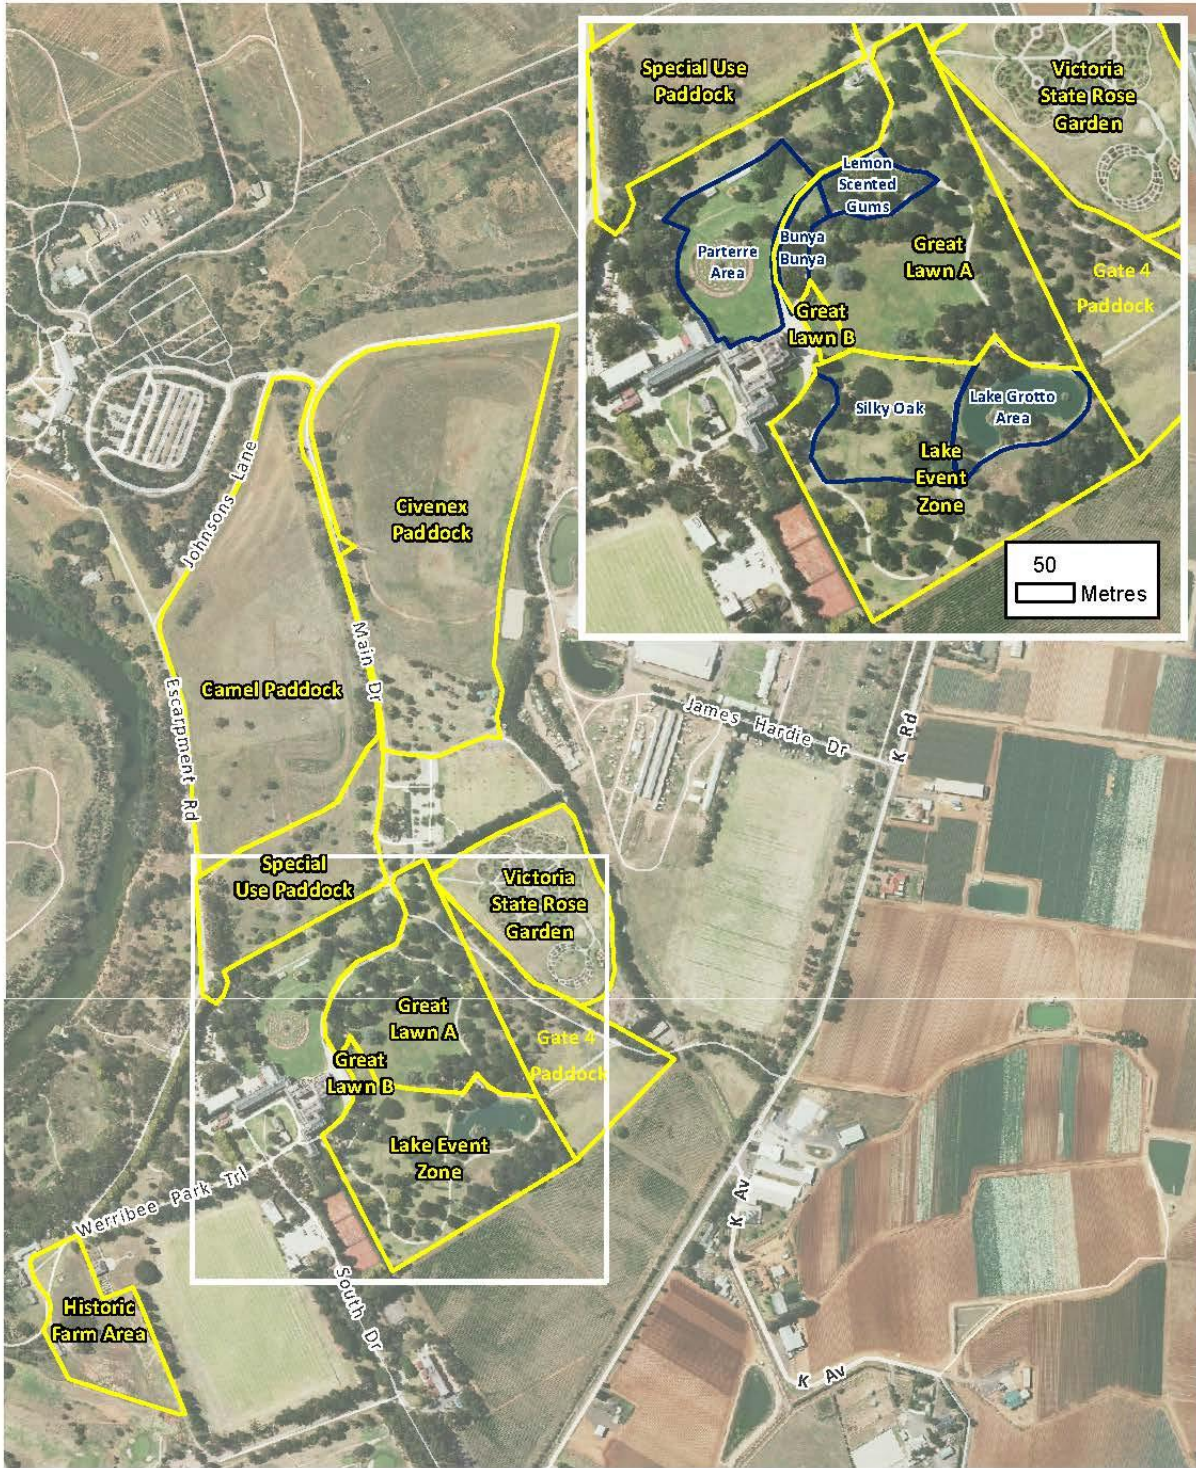

Werribee Zoo and National Equestrian Centre will need to be notified of the intention to discharge fireworks. Event organisers wishing to use fireworks must comply with any requests made by Parks Victoria's Rangers prior and during the event.
